

We did our research

Lily's 1 year birthday party. She loves barking at the neighbor's cat so we got her and our granddaughters 'Hello Kitty' party hats. She is a Papi-Poo, Papillon and Poodle mix. Smart, loving, great with the grandkids, and personality. We let her hair grow out for winter but we just got her trimmed for the warmer months. She doesn't shed and is easy to take care of. Crazy about the pup?? You bet!! She makes us laugh everyday and is a wonderful pup. By the way, We have adopted Boxers, 2 from the Humane Society and 1 from Animal Control. The recue from animal control came with heart worm and that cost us close to \$800 to get him through, so when we decided to get a small non-shedding dog we followed The Family Puppy's advice and looked at shelters, if we wanted a Pit we could have had a

houseful, but no small dogs. So we did our research to be sure no Puppy Mill dogs were sold at The Family Puppy and we felt we were making a responsible decision to purchase this little girl so we bought her and will be buying another in the spring. Love the people and quality of the pets. The Family Puppy has been great!!! We stop in to visit with Lily occasionally and they all come around to say hi. What a pleasure dealing with an honest, trustworthy company. Thanks!

Thunder the Great!

Me and my dog Thunder, that I got from The Family Puppy, were out on the water. My dad had stopped the boat to fish. My favorite hat flew out in the water. When I was trying to reach it I fell in. I couldn't swim and we were out in 40 feet water... that's when Thunder jumped in and saved me. If it wasn't for Thunder then I wouldn't be here. I'm glad I went to The Family Puppy!!!!!!

Cameron's new puppy, Hunter

Hunter came to live with Cameron on Tuesday and by Thursday they were best friends. We found Hunter, the German Shepherd @ The Family Puppy @ Macomb Mall. The associates there are fantastic. They were very helpful and it showed that they really care about the puppies and the potential new puppy owners. I think that Hunter and Cameron will be best friends for a long, long time.

This is Lilly

My daughter picked out Lilly at the Novi Fountain Walk location. She is the baby of the family. I just adore her as do my teenagers, my parents and my husband. She was easy to train, very social, just overall, a great pet. If your looking for a new family member, The Family Puppy is where to go!

Melissa

Buddy and Sadie

I bought both dogs at Family of Pets and they were 2 of the best Rotties anybody could have. They both had great personalities and were very healthy until the end. In November I lost my little girl Sadie at the age of 8 to spleen cancer and in February I lost my old boy Buddy at the age of 13. I miss them both very much and am waiting until The Family Puppy gets a Rottie or Mastiff to ad to my family.

Wonderful Addition!

This is Zoie, she is a Cavalier-Bichon, that we got from Family Puppy at Fountain Walk in Novi. She just recently turned 6 yrs. old. She loves to play but also loves to cuddle. My family and I are so thankful for help at your store in selecting a puppy. She is truly a wonderful addition and brings a lot of joy to our family!

EVERYONE loves him!

This is BUSTER with Sam and Amanda. We got him from The Family Puppy. He is a GREAT little dog and EVERYONE loves him. He was so easy to train and has had no accidents on our carpet. We have a bell on the door and he rings it when he needs to go out. He sleeps in his kennel and normally doesn't make a sound all night. What we've "trained" so far: Sit, Stand, Lay down, Go to Mat, Moon walk (you really should see that) and Patty Cake. He gets along so well with other dogs.....WE LOVE HIM!...THANK YOU SO MUCH! God Bless! Gail Horsley and Family

Thank You!

Can't begin to thank you enough for our precious little Sawyer. We purchased him at the Flint store. What a wonderful dog he is! Friendly, outgoing, very social, well mannered and the perfect addition to our family.

Such a great place

We got our puppy Penny Lane from Family Puppy a little over a year ago and we just LOVE her! She's so smart and loving, and every time we bring her back to the store we got her in, they still know her by name! Such a great place, and we look forward to getting another puppy from you guys again soon!

My 3 new family members, Winni, Vinni & Ginni

During the summer of 2009, my grandchildren, Arionnah and Aiden first introduced me to The Family Puppy in the Green Oaks Village Place Shopping Mall. We visited several times and were greeted each time by a warm and friendly staff. The store was always so clean, bright and lively with the cutest puppies! We played with so many and the staff soon figured us out! I had one Westie and was looking for another. I was clued into the fact that one was soon due in the store ~ a female, which I was hoping for. I liked that the resident

Veterinarian was who I have taken my pets to for 10 years, and that each little puppy was checked out, micro-chipped, and given a clean bill of health before they went home. There were payment options that were offered as well. One year ago Winni came home with me! She is a very healthy and happy Westie.

Another trip came on Mother's Day 2010. My grandchildren and I visited the store again and were greeted and remembered. We played with several puppies and without even a thought of purchasing another pet I fell in love with Vinni, a Papillion/Poodle mix. I've never had a male puppy so I had questions that were answered professionally and courteously. Vinni fit right in with Minni and Winni. He is little but holds his own and is a delightful addition to our family!

It has become a family joke now that I am not allowed to visit the store with Arionnah and Aiden because I always come home with another puppy. Oops! One afternoon in August 2010, Arionnah and I had a little time before we had to pick up her brother so we scooted over to see who was new at The Family Puppy. And there was Ginni! Love at first sight! She is a Papillion/Maltese mix. The staff took the same care with us as they have every time we visited and chose a new family member! Thank you Family Puppy ~ We Love You!

What a terrific dog!

5 Years ago, we got Winnie from FOP Novi. What a terrific dog. My favorite part about her is that she's a "Daddy's girl". She is a total lap dog who is not happy unless she's sitting on my lap being petted. That is exactly what I wanted. She's smart as a whip and has learned every

trick we have tried to teach her. No dislikes, she's perfect.

The vet said that she is impressed!

I got a Cavachon on Black Friday from the Brighton store. He is the cutest, most loving little guy and my 1 year old girl loves her new playmate! The staff are great and even the vet said that she is impressed with the health of the puppies that come from there. In fact, she got one herself!! Here is my Teddy!!

Erin Bishop

Moose the English Mastiff. :]

I purchased my English Mastiff, Moose, back in October from the Family Puppy in Flint. He turned a year old on June 15th, 2011 and is still just as wonderful as the first day I brought him home. The Family Puppy was great at helping me give Moose a forever home. They are full of knowledge and care about each and every puppy and kitten that is sent home from their stores. Thank you so much, guys. I don't know what my life would be like without Moose in it.

Tiffany

I found my best friend at The Family Puppy!!

This is our miniature dachshund, Cody, who became a part of our family a little over 1 1/2 years ago, thanks to The Family Puppy. He is the best dog ever, and gets along great with his brother Jasper, who is also a miniature dachshund, and our 2 cats. He has a personality all his own, and is such a huge part of our family, that we don't know what we would do without him. We are so happy that we were introduced to the company and would highly suggest you visit them if you

are looking for a new family member. Thanks so much The Family Puppy!!

Matt and Melissa Sandusky

My other half

I went into The Family Puppy store with no intention of purchasing any time soon. I randomly decided that I wanted to play with the cute little Boston Terrier that was curled up under the other puppy in the cage. I played with him for almost two hours and I knew I couldn't leave without him. The assistant manager was a great help so that I could go home to talk it over with my parents about purchasing the little guy.

Amanda

Your socialization is WONDERFUL!

This is Teddy (actually Ted E Lee) He is a very lovable Schnauzer! We got him from the Novi location. We got him to give our other Schnauzer a playmate thinking it would help. What we realized is that not all Schnauzers are crazy. Teddy loves kids and you were right, the socialization you all do at the store makes a difference! Our first Schnauzer was from a private breeder and must have not been socialized. Thank you so much for the service you provided to us!

Ron & Susanne

LOVE my dog

I brought "Hendrix" home from the Family Puppy of Brighton. The staff was wonderful and helpful with choosing the perfect puppy for me. Hendrix has been nothing but amazing.

Megan

Harley

We bought Harley (a puggle) at the Genesee Valley Store in Flint. He is such a loving dog and loves his twin sisters who are 12 and his younger sister who is 10. We also have a black Lab, and Harley gets along great with him. In fact, Harley does not like to be in a kennel by himself while we are away. He would rather sit in the same kennel as his older brother and cuddle. I highly recommend considering a dog or a kitten from this store. If I could afford another one I would go get one today!

Harley's family

BEST girl ever!

We absolutely love our Sasha the Maltese! Everybody that meets her loves her too! We purchased her from the Flint store and everyone there is so helpful and well educated about making sure we got the right puppy. We are very happy with our decision!

Matthew and Vickie

My favorite Buddy!

We purchased Buddy from the Flint Family Puppy! We absolutely love him! He loves messing with mom's Christmas tree and ornaments and his favorite toys consist of my slippers and collectible magazines... but we wouldn't trade him for the world!

Our Bundle of Joy

We wandered into The Family Puppy one Saturday after long talks about adopting a little puppy. When we first saw little "Husky" a Pomeranian, we thought he was the cutest dog we had ever seen and couldn't leave the store without him. The staff were very helpful and informative and we took advantage of the 24 hour questions service; we're first time puppy owners. But since we've brought him home he has completed our family, it's like we brought home a baby.

Farris & Rema

Daphne our Dachshund

We welcomed Daphne, a miniature dapple dachshund, into our home in October 2011. She is 7 months old now and she is so sweet! She hardly ever barks, she loves to cuddle, and she loves our kids! Her favorite friend is our large black cat, they wrestle and Daphne runs underneath the cat because she is so short. The staff at the Flint store was so helpful! They answered all of our questions. I never considered myself to be a dog person but I really love this cute little girl.

Thank you for a great experience!!

Cash - Our New Italian Greyhound

My husband and I were never big fans of buying a puppy from a pet store, however; when we walked in to your store and they took this tiny Italian Greyhound out of his holding area, we both immediately fell in love. We bought him home and home is where he is! It's like when we both held him his little bright eyes and his attitude was "what took you so long" He is more than family, he is our son! And A very spoiled son he is!

Janet Balwanz

Our little prince!

This is Maxamillion, he is a Mini Schnauzer. We got him from the Family Puppy in Flint in February 2011. We have no intention of getting another dog after we had to put our other dog to sleep. We instantly fell in love with him, he is so happy to see everyone and is truly a great dog. We ended up getting him a play mate since he loved other dogs so much. I would highly recommend buying a dog here, they are all so lovable and the staff is very helpful!

The Pifer Family

Meet Kody

Kody joined our family from the Family Puppy located in Novi February 2012. He is such a HEALTHY, loving boy with such a sweet disposition. We are very fortunate to have found him! The employees were so helpful and friendly. They called a couple weeks after we brought him home to make sure he was okay. Also, the vet has been wonderful where we had to take him for his first and second check up. We love him!
